STAFF REPORT

DATE: April 10, 2024

ITEM NO: VI.A.1

SUBMITTED BY: Connor Revay – Harbor Master & Assistant Operations Manager

TITLE: RESOLUTION OF THE BOARD OF PORT COMMISSIONERS OF THE CITY OF REDWOOD CITY AMENDING RESOLUTION P-886 (TARIFF NO. 7) TO CHANGE CERTAIN PROVISIONS OF SAID TARIFF NO.7 – PORT OF REDWOOD CITY MARINA AND PORT AREA

RECOMMENDATION

Staff recommends the Board of Port Commissioners (Board) adopt the Resolution approving an increase to Tariff No. 7 rates at the Port of Redwood City (Port).

BACKGROUND

Port Tariff No. 7 specifies the rates and charges, rules, and regulations for the operation of the Port of Redwood City Marina & Port Area. On April 12, 2023 the Board approved the last rate of \$0.25 to slip rates, or an average of 3%.

Port staff did a comparable analysis of regional marina tariff rates including comparing current rates and polling marina staff on any anticipated rate changes in the next six months. The marinas that were compared included Coyote Point, Pillar Point, Oyster Point, and Brisbane Marina. When compared to nearby public marinas, the Redwood City Marina rates are currently less than other locations. Two marinas confirmed they plan to take an approximate 3% rate increase for approval in the next six months. One Marina didn't anticipate any rate increases and one wasn't able to confirm.

ANALYSIS

An increase would make Redwood City rates comparable with neighboring marinas. The following summarizes the benchmarking of similar facilities before any anticipated rate increases over the next six months.

General Monthly Rates: (Rates calculated per foot per month)

PUBLIC MARINA RATES FOR MONTHLY RENTALS							
Berth Type	Coyote Point	Pillar Point	Oyster Point	Brisbane Marina	Redwood City Marina Current Rates	Redwood City Marina Proposed Rates	Redwood City Marina Proposed Rates Percent

STAFF REPORT

DATE: April 10, 2024
ITEM NO: VI.A.2
SUBMITTED BY: Connor Revay – Harbor Master & Assistant Operations Manager
TITLE: RESOLUTION OF THE BOARD OF PORT COMMISSIONERS OF THE CITY OF REDWOOD CITY APPROVING AND AUTHORIZING AN INCREASE IN TARIFF NO. 8 INCLUDING DOCKAGE, WHARFAGE, DEMURRAGE, STORAGE, SERVICE & FACILITIES, CARGO HANDLING, LINE HANDLING AND MISCELLANEOUS CHARGES

RECOMMENDATION

Staff recommends the Board of Port Commissioners (Board) adopt the Resolution approving a General Rate Increase (GRI) of 3% to Port Tariff No. 8 at the Port of Redwood City (Port).

BACKGROUND

Tariff No. 8 sets rules, regulations, rates, and service charges for use of the Port's wharves and cargo handling areas. The rates and charges are regularly reviewed and updated and any changes in rates take into consideration economic, competitive and market conditions.

A GRI is a common percentage increase that applies to all rates in the Tariff. This GRI is used by ports throughout the Pacific Northwest. The Bureau of Labor Statics identified an increased CPI of 3.2% in the reported 12-month period ending February 29, 2024.

The Port has elected for a GRI of 3% to the Tariff. The new rates are competitive with tariff rates at other commercial Ports in California.

ANALYSIS

Staff anticipates that the proposed GRI may generate additional revenue to the Port ranging from \$35,000 to \$40,000 in Fiscal Year 2025. This revenue will assist the Port with rising costs for operations, maintenance of Port facilities and infrastructure.

The changes to Port Tariff No. 8, if approved, would go into effect July 1, 2024. Port tenants and other users of Port facilities will be notified of the proposed changes in Tariff No. 8.

Cost Recovery	N/A
Port 2020 Vision	Comports with the Port's 2020 Vision
Budget	Increased revenue to the Port

TITLE: RESOLUTION OF THE BOARD OF PORT COMMISSIONERS OF THE CITY OF REDWOOD CITY APPROVING AND AUTHORIZING AN INCREASE IN TARIFF NO. 8 INCLUDING DOCKAGE, WHARFAGE, DEMURRAGE, STORAGE, SERVICE & FACILITIES, CARGO HANDLING, LINE HANDLING AND MISCELLANEOUS CHARGES

ALTERNATIVES

The Board could choose to not adopt the GRI, however as overall costs to operate and maintain the Port continue to rise, the increase will offset some of those operational costs. Furthermore, any increase in revenue may not be realized.

ENVIRONMENTAL REVIEW

The Resolution is not subject to CEQA review under the California Environmental Quality Act pursuant to Sections 15061 (b) (3); 15060 (c) (2) and 15060 (c) (3) of the State CEQA Guidelines.
