

PORT OF REDWOOD CITY

Stan Maupin

Port Commissioner

Maupin was appointed to the Port Commission in 2022. Prior to his appointment he served for over 32 years in the fire service starting in Foster City and with the last seventeen years in Redwood City where he retired as the Fire Chief in 2020. As Fire Chief he was responsible for the planning, development, and implementation of policies, goals and objectives, annual budgets, and departmental and city priorities pertaining to emergency services. His many achievements include creating a new fire department for the City of San Carlos and successfully negotiating an emergency services merger between the cities of Redwood City and San Carlos. During his time as Fire Chief the fire department achieved a Class One fire protection rating for both cities from the Insurance Services Office (ISO), a rating that less than 1% of all fire departments across the country hold

Throughout his career he was very active in the fire service at the city, state, and federal levels where he served on multiple committees and commissions and responded to emergencies throughout California.

He has been active in the community over the years through membership in several service clubs and is currently a member of the American Legion Post 105 Redwood City where he serves as an Executive Board member, Co-Chair of the New Building Committee, and Chair of the annual Veterans Day Ceremony. Prior to his fire service career, he served our country for four years in the United States Marine Corps.
