

WATERFRONT USER SAFETY GUIDELINES

RECREATIONAL BOATERS USING REDWOOD CITY NAVIGATION CHANNEL

1. Keep to the outer perimeter of the Channel, avoid the center of the Channel.
2. Yield and give right of way to ferries and vessels.
3. Maintain high visibility with bright colored apparel and lights at nighttime.
4. Federal regulations require boaters to maintain a distance of at least 150 feet when ships are berthed at the Port wharves 1 -5

FERRIES USING REDWOOD CITY NAVIGATION CHANNEL

1. Keep to the center of the Channel, avoid the outer perimeter of the Channel.
2. Upon encountering recreational boaters, provide additional distance when slowing down and resuming speed.
3. If multiple recreational boating groups are ahead, maintain slower speed to the dock entering the Port area or until clear of all groups when leaving the Port area.
4. Federal regulations require boaters to maintain a distance of at least 150 feet when ships are berthed at the Port wharves 1 -5
